

From Trouble to High Places

by Esther Davis-Thompson

To live a truly better life takes truly better believing. It requires us to open ourselves to a level of thinking about our lives that goes further into the realm of our spiritual notions about ourselves. We are creations of God... we are more more more than our roles and our jobs and our occupations. We are a purpose and a reason. None of our experiences have been mistakes; they have all been a part of the legend of us. Nothing has happened to us that God doesn't know about. And, most importantly, nothing has happened to us that, in and of itself, had the power to change us from being powerfully creative spirits."

Challenging women to adopt new mindsets that can catapult their lives up from their lowest of lows, Esther Davis-Thompson weaves her third collection of inspiring wisdoms, deep hope and love for every woman.

Her empowering meditations on Believing High, Walking Ourselves Up Out of Trouble, Re-Inventing Our WomanSpace, Leaving Pain, Leaving Fear, and Getting Strong... are emphasized by inspiring affirmations and self-questions.

From Trouble to High Places is an uplifting and passionate call to women who are so ready move their lives forward and upward.
